OCA OFFICE POLICIES

The best medical care can be provided only on the basis of mutual understanding. We encourage you to discuss any questions you may have regarding our policies with our staff.

Insurance

We participate in a variety of medical insurance plans (list can be provided) and will directly bill your insurance under these plans. In this circumstance you are responsible only for applicable co-payments before the visit. If you have not met your deductible, you will be responsible for payment at the time of your visit. We cannot accept responsibility for negotiating claims with insurance companies. You are responsible for payment of your medical care within a reasonable time, regardless of status of a claim. Services not covered by your insurance are your responsibility.

Co-payments

When your insurance specifies a co-payment (usually indicated on the identification card), this payment must be made at check-in, prior to your exam.

Refraction Service and Fee

Refraction is the process of determining if there is a need for corrective eye glasses. It is an essential part of an eye examination and necessary to write a prescription for glasses. Our office fee for refraction is \$85.00 if not covered by your insurance plan. Medicare does not cover refractions. The refraction amount is due at the time of service if not covered by your insurance in addition to any co-payment under your plan requirements. Due to the nature of our specialist practice we do not file routine vision. If you have vision insurance, we do not accept it. To use your vision insurance elsewhere, call your vision insurance directly for a list of providers.

Prior Authorization and Vision Care Forms

Some health maintenance organization (HMO) plans require you to obtain authorization for services from your primary care provider (internist, family practitioner, pediatrician, etc.). It is your responsibility to obtain authorization from your primary care provider. This is required by your insurance before you visit our office, even when the visit is for an urgent problem. Contact your insurer if you have questions, or contact the office of your primary care provider.

Contact Lenses

Payment in full is expected at the time of service for all contact lens exams, and before ordering contact lenses. Any questions regarding contact lenses should be directed to the doctor that is handling your contact lenses.

Credit Cards

For your convenience, we accept Visa, MasterCard, American Express, and Discover and Care Credit. Credit Card services are not always available at our satellite offices.

Billing

If billing is necessary, a statement will be mailed to you which is due within 30 days. Charges and payments for services received during the last few days before your billing date may appear on the following month's statement.

Insurance Counseling

Before any surgical procedure which may entail greater expense, our office will provide insurance coverage information and estimate what, if any, balance may remain once insurance has paid. The Patient balance is due prior to the surgery. If you are unable to meet the financial requirements please ask your surgery coordinator about care credit.

For answers to further questions, please contact our office at 1-888-511-2026.
